

FRONTENAC

MOTOR COMPANY

LOUIS CHEVROLET, PRESIDENT
INDIANAPOLIS, IND. U.S.A.

December 23rd, 1921.

Marble Street Garage, Inc.,
Athol, Mass.

Gentlemen:

If you had the fastest, best-looking, most economical car in your territory, would you be able to make profit?

- If this car were backed up by repeated racing victories in the world's greatest races - if you had the advantage of racing back of you to create interest,

- If this car was backed by great financial and manufacturing interests, guaranteeing its ability to be a permanent factor in the automobile field,

- If its distributors and dealers proposition was the fairest you have ever known,

- Would you be interested enough to address the men behind it for further details?

Such a car will be announced at the New York Show.

Already we have enthusiastic applications for connections with many of the leading distributors and dealers from coast to coast - big men who know the business and whose enthusiasm depends upon being convinced in every particular.

I attach herewith, a copy of a letter giving some details which I have written to a friend of mine. If you are interested and will write me at once, I will be glad to keep you in touch with further details.

Very truly yours,

FRONTENAC MOTOR CO.

Louis Chevrolet
President
