LOUIS CHEVROLET

Master designer and builder of the new Front-to-nac passenger cars, whose celebrated racing creations have won the last two 500-mile contests on this track.

Passenger Cars
Ready Soon

Front-to-nac passenger cars—designed and built under the personal supervision of Louis Chevrolet—will be ready shortly. These stock cars will reflect the same fine engineering skill which has enabled the famous racing cars produced by the same designer to establish so enviable a record on the tracks of this country.
